

Simulation Strategies

Upon full participation and completion of this virtual training, participants will be able to:

- Recall strategies for designing simulations
- Provide the benefits & desired outcomes associated with the use of self-designed simulations
- Define strategies for facilitation & evaluation of the simulation session

2 Hour Virtual Instructor-Led Training Agenda

Introductions	10 Minutes
Designing a Simulation	5 Minutes
Developing a Simulation	5 Minutes
Identifying Learners	5 Minutes
Identifying the Learning Objectives	5 Minutes
Outlining the Clinical Encounter	10 Minutes
Considering Various Components	10 Minutes
Identifying Debriefing Methodologies	10 Minutes
Closing	10 Minutes

Educational Representative Responsibility

Your Laerdal Educational Representative has multiple responsibilities during the virtual training:

- Help you understand Laerdal resources.
- Conduct an interactive agenda to optimize your understanding of Simulation Strategies and facilitate the development of your proficiency in its operation.
- Facilitate discussions about how Simulation Strategies can meet your goals.
