

How to activate software on SimPad using a license key

This document describes how to enable the SkillReporter software on a SimPad:

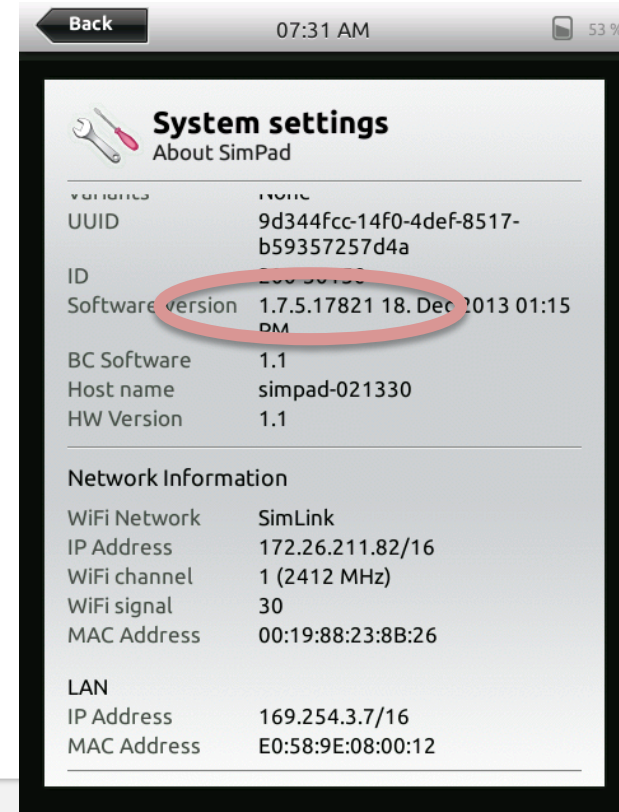

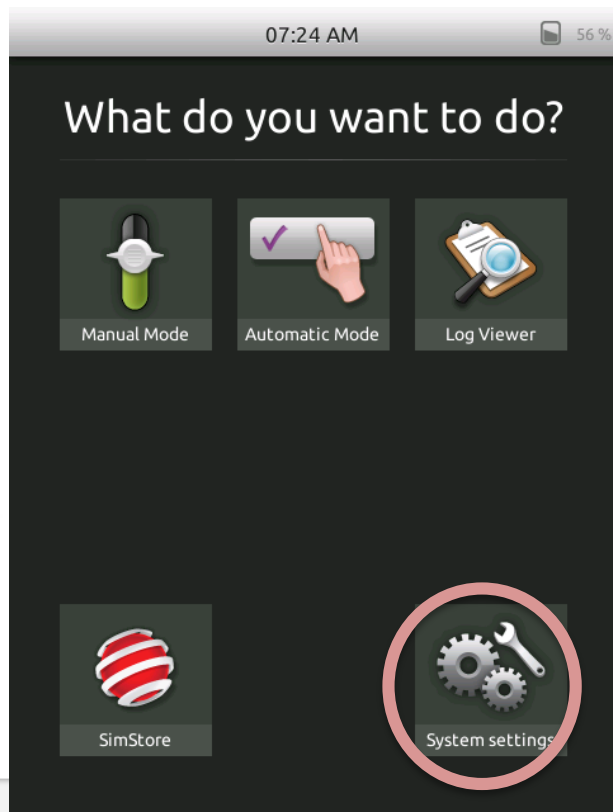

- With SimPad connected to Internet (Online Registration)
- With SimPad not connected (Offline registration)

(the process per se, is the same if you want to activate the Simulation software on a SimPad with the SkillReporter software pre-installed)

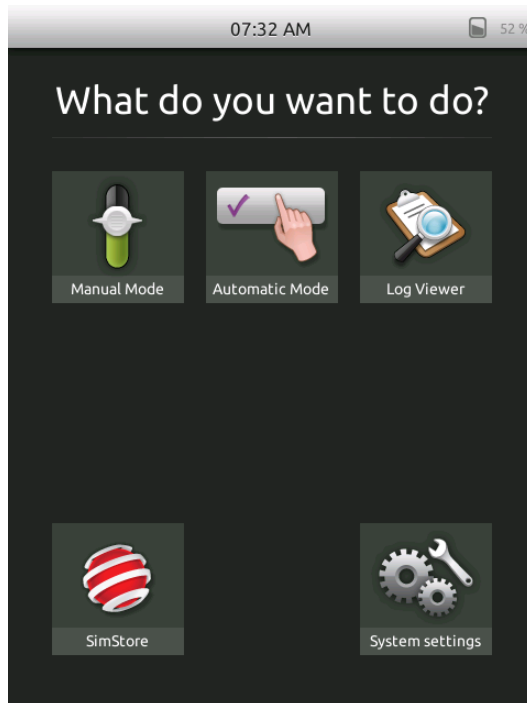

January 2014

You need to have the SimPad software version 1.7.5.17821 or newer (higher number) to be able to enable software by a license key.

Go to System Settings and “About SimPad” to see the view below:

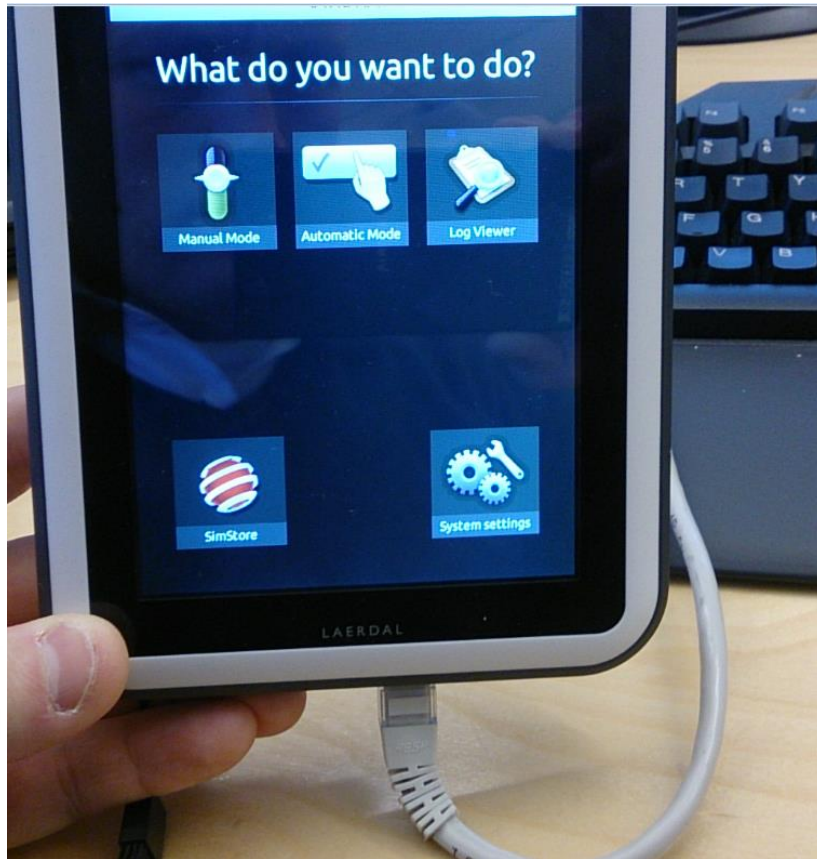

- If you have the SimPad software version 1.7.5 or you can purchase a license and enable the SkillReporter software on your SimPad
- The SkillReporter software license is available at this location:
<http://www.laerdal.com/doc/2419/SimPad-SkillReporter#/Webshop/LICENSES>
- Your welcome screen will look like this before the SkillReporter software is enabled:

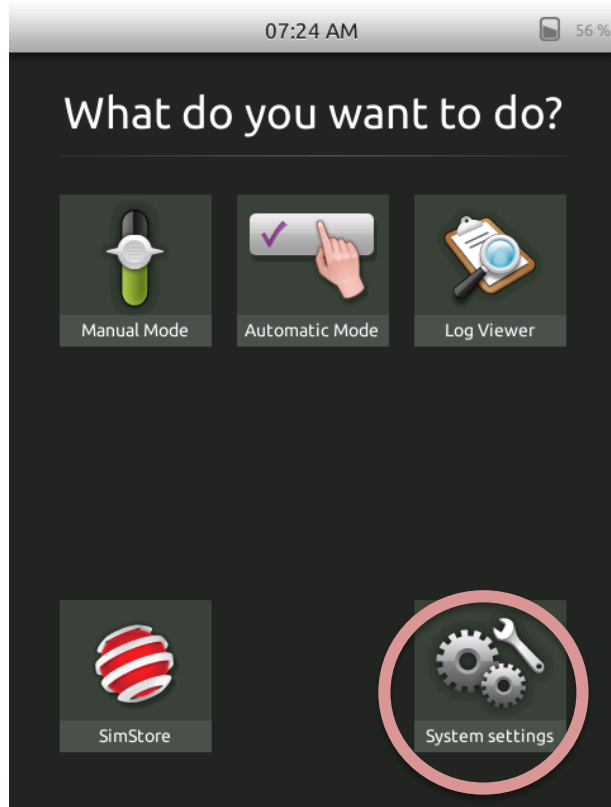

The following slides shows how to activate the SkillReporter software using a license key.

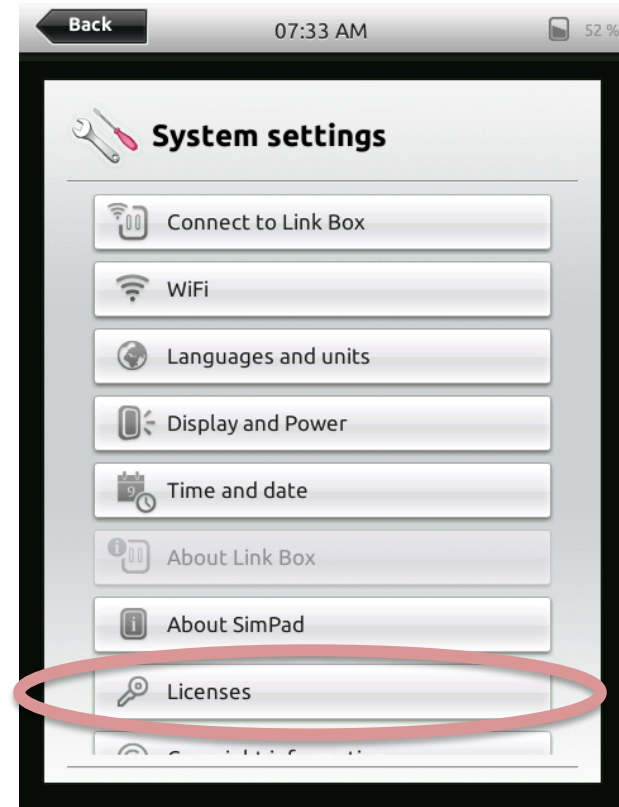

Connect your SimPad to Internet, using a network cable (allowing the SimPad to connect with Internet takes a few seconds)

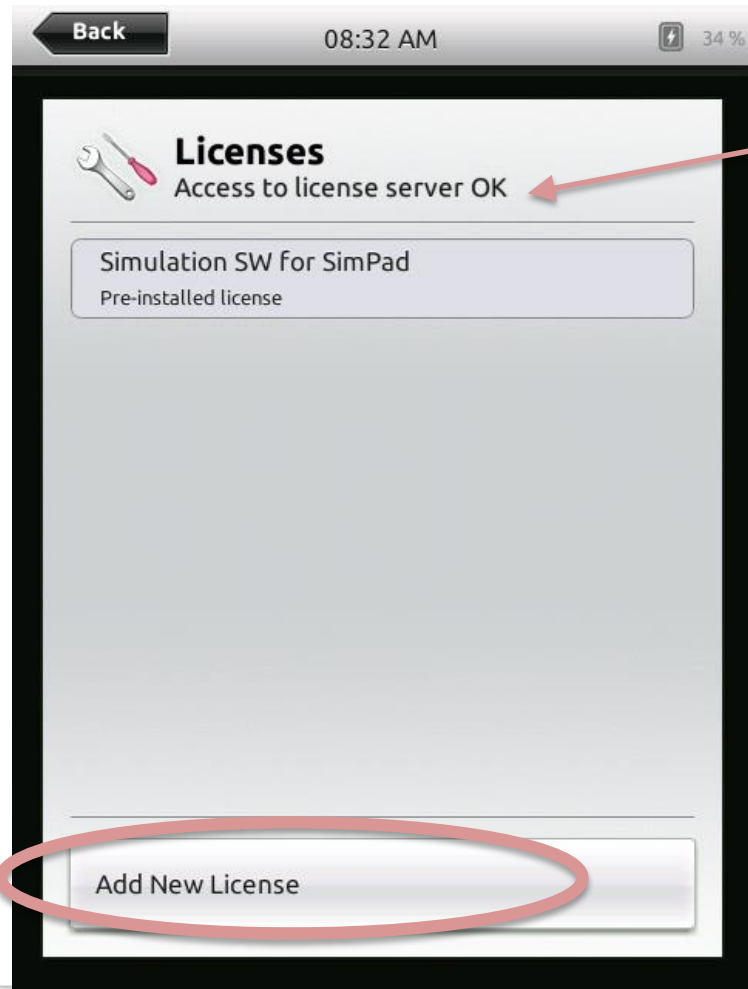

Go to “System Settings”

Go to “Licenses”

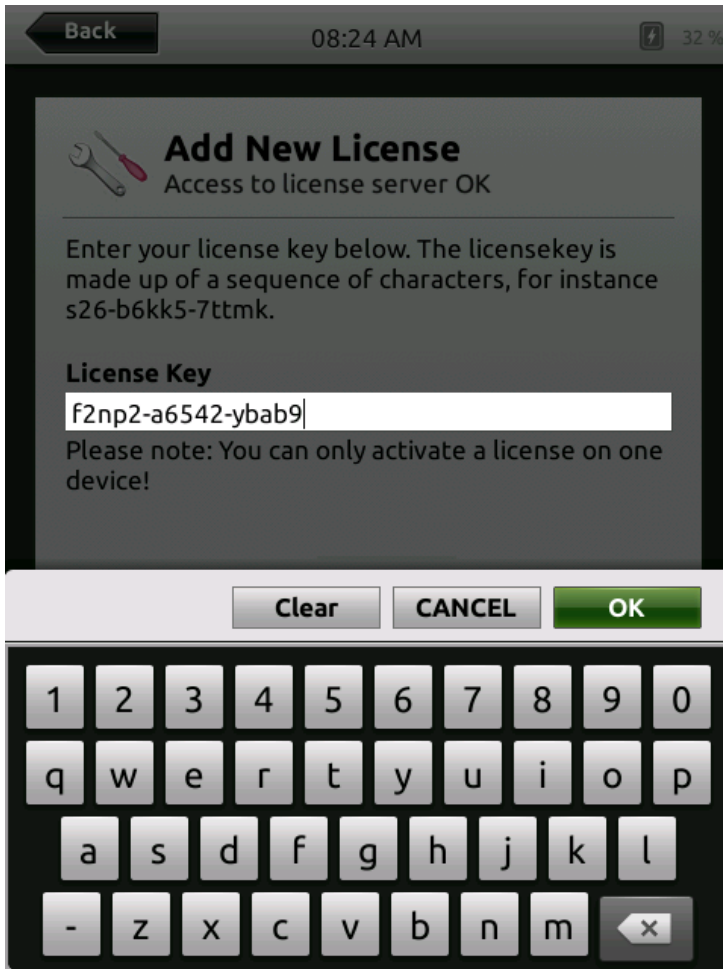

Press “Add New License”:

Make sure Access to license server is OK.

If you are not able to access the license server, see how to register in offline mode.

Enter your license key:

The screenshot shows a mobile application interface with a dark background. At the top, there is a 'Back' button, the time '08:24 AM', and a battery icon showing '32%'. The main content area is titled 'Add New License' with a wrench and screwdriver icon. Below the title, it says 'Access to license server OK'. A paragraph of text explains that the license key is a sequence of characters, with an example 's26-b6kk5-7ttmk'. A text input field is labeled 'License Key' and contains the text 'f2np2-a6542-ybab9'. Below the input field, there is a note: 'Please note: You can only activate a license on one device!'. At the bottom of the screen, there are three buttons: 'Clear', 'CANCEL', and 'OK'. Below the buttons is a virtual keyboard with letters, numbers, and a backspace key.
